The first ever electric hands-free SCBA bracket is available from Ziamatic

- Can be controlled by the parking brake, toggle switch, or any other switched 12v source.
- The bracket is electrically controlled (switched 12v) eliminating the need for a pull release. Once you arrive at scene simply stand up.
- Manual override is standard on all brackets.
- Fits all current SCBA packs and bottles.
- Fits most current seats.

Helmet Holders

Both the UHH-1 and UHH-2 can be mounted vertically or horizontally. They hold the helmet by the D ring and can be adjusted to fit any style helmet with a D ring. The UHH-2 was designed to accommodate helmets with a ratcheting device that protrudes below the helmet.

Model: UHH-1
List Price: \$54.40

Model: UHH-2
List Price: \$69.40

Adjustable Footplates

Adjustable footplate kit for Rol-Loc
Model: QM-AF-R
List Price: \$47.70

Adjustable footplate kit for QM-ELB
Model: QM-AF-E
List Price: \$37.60

SCBA bottles can vary in length even if they are all the same brand and pressure. Allow your Rol-Loc and Electric Locking Brackets to have “on the fly” bottle height adjustments. Simply turn the knob to lower or raise the footplate.

Hard Sleeve Kit for the HLAS

Reduce the chance of back injury and free up space.

Now safely store 1 or 2 hard sleeves on top of the hydraulic center mount ladder rack system. The kit can be retrofitted onto current HLAS systems.

Model: HLAS-HS-KIT
List Price: \$434.95

Automatic Horizontal Vehicle Step

The HVS-1 is a low profile vehicle step. Once the door is opened the step comes out. The step slides straight out needing less clearance below than a swing down step. It has a stepping surface of 15" x 9.5". The HVS-1 only requires 20" x 11' surface under the vehicle to mount.

Horizontal Vehicle Step
Model: HVS-1
List Price: \$1,023.40

Oxygen Bottle Cart

Automatically lifts and lowers the gas cylinder, at the touch of a switch, reducing chances for strains and back injuries. Simply strap the bottle in place and raise it up and into the compartment. Once secured, loosen the strap and pull the cart back.

**Model: QR-CL
List Price: \$2,099.00**

Complete line of Quic-Straps

The new 1" mounting straps from Zico allow complete versatility. The fixed and variable sides can be mixed and matched to create whichever combination works best for your needs. The 1" straps work well for hose beds, large tools, cribbing, tool boxes and many more applications.

**List Price:
Ranges from
\$17.65 to \$26.70**

Extracation Tool Holder

Safely store your Extracation tools with Zico's line of holders. Simply place the tool in the mount and pull the strap up and onto the tool to secure it in place. There are two different styles. One design for Cutters and one design for Spreader Jaws. The mounts fit many popular brands and sizes. Call for specifics.
