

QUIC-STRAP™ - 1" VARIABLE STRAPS
MODELS UMVS-1-__
PARTS AND INFORMATION MANUAL

Features:

- Heavy-duty, all-weather nylon. UV-resistant. Great for use on land, sea, and air.
- Hook and loop closure system provides extraordinary holding power for its size. Strap doubles back on itself to increase that holding power.
- 360-degree grip range. Flexible materials place more of the strap against even the most oddly-shaped tools and equipment, increasing surface area for a better, more secure hold.
- Ideal for securing smaller tools and equipment, closing off compartment shelves, pass-throughs, cubby-holes, and so much more.

Note: Each strap includes two (2) 1" Zinc Footman's Loops.
