SLIDE-OUT LADDER GANTRY

SLG-M

MAXIMIZE AVAILABLE COMPARTMENT SPACE

Store one two-section and one roof ladder horizontally over top of the apparatus, leaving more room in the body for compartments, pull-outs, and pass-throughs

When needed, the lightweight aluminum tray slides smoothly off the rear of the apparatus and tilts down, gently lowering ladders to a convenient height for safe and easy retrieval

A powerful spring-lock holds the tray in the fully-lowered position, minimizing bounce and making operation easier on inclines. Pull up on the yellow handle to release the lock.

A heavy-duty bounce guard teams with a thick steel catch to keep the ladders in place when traversing rough terrain, curbs, and railroad tracks

MODEL	DESCRIPTION
SLG-M	Manual Slide-out Ladder Gantry

1" QUIC-STRAPS

VARIOUS

FLEXIBLE CONTROL

Our popular straps are now available in a new 1" width. The ideal choice for securing compartment cubby-holes.

Made with thick, UV-resistant, all-weather nylon for years of reliable service in the harshest of conditions, these hook & loop closures provide extraordinary holding power for their size

The flexible design gets more of the strap against even the most oddly-shaped tools and equipment, increasing surface area for a better, more secure hold

MODEL	DESCRIPTION
UVMS-1-10	1" Variable Mounting Strap - 10" L
UVMS-1-14	1" Variable Mounting Strap - 14" L
UVMS-1-18	1" Variable Mounting Strap - 18" L
UVMS-1-22	1" Variable Mounting Strap - 22" L
UVMS-1-26	1" Variable Mounting Strap - 26" L
FL-1	1" Zinc Footman's Loop
FL-1-SS	1" Stainless Steel Footman's Loop

*Each strap ships with TWO 1" zinc footman's loops!

MULTIPLE EXTRICATION TOOL HOLDER

QM-MEH-1

FOUR TOOLS. ONE MOUNT.

Secure up to four extrication tools in minimal space with this "Lazy Susan" style rotating platform

Adjustable, cast aluminum mounting brackets accommodate most brands of cutter, spreader, and combination tool—including both hydraulic and battery-powered models. Optional brackets are available for mounting one or two rams.

To operate, simply press down on the yellow paddle to unlock the turntable. Then rotate to access the tool you need. The turntable locks into place after each 90-degree rotation for quick and safe retrieval.

MODEL	DESCRIPTION
QM-MEH-1	Multiple Extrication Tool Holder — Standard
QM-MEH-1-R	Multiple Extrication Tool Holder — One Ram Bracket
QM-MEH-2-R	Multiple Extrication Tool Holder — Two Ram Brackets
QM-MEH	Multiple Extrication Tool Holder — Less Brackets

STACKABLE SCENE LIGHT BRACKET

QM-SLB-2

PROTECT YOUR INVESTMENT

One bracket secures multiple stacked scene lights safely in the compartment

Flexible draw strap prevents shifting and tilting during transport

Durable steel guard minimizes bouncing on rough terrain, curbs, and railroad tracks

Sleek, compact design requires minimal additional compartment space

MODEL	DESCRIPTION
QM-SLB-2	Stackable Scene Light Bracket

FIRE EXTINGUISHER HOLDER - 5 LB.

QR-FEH-1

A SIMPLE CHANGE COULD SAVE YOUR LIFE

Designed specifically for use in moving vehicles, this two-piece, adjustable bracket safely secures one 5 lb. fire extinguisher inside or outside of the crew area. In a collision or rollover event, the bracket will prevent the cylinder from becoming a dangerous, pressurized projectile.

For use with Amerex Model B500, Kidde Pro Series 340, or Badger Model 5MB-6HB fire extinguishers, the QR-FEH-1 features a quick-release buckle for easy access and a special pull pin for maximum security

Easy to clean and disinfect

Complies with SAE-J3043, NFPA 1901, AMD Standard 003, and GSA KKK specifications when used as recommended. Third-party tested to hold against a 39G force.

MODEL	DESCRIPTION
QR-FEH-1	Fire Extinguisher Holder - 5 lb.

SURE-GRIP TOOL MOUNTS

SG-VM-1

TOOL MOUNTING: IMPROVED

DEPENDABLE—the heavy-duty, all-weather hook & loop straps that have reliably retained your tools and equipment for over 20 years

PRECISE—strap conforms to the shape of the handle, providing a tighter, more “true” grip on every tool

FAST—simply unfasten the strap and pull the tool through. SURE-GRIP is quick and easy to use with or without gloves

STRONG—the wide strap provides a larger surface area for better grip. Tension is applied by pulling away from the mount, giving you more leverage and allowing you to apply more of your strength when securing

EFFICIENT—strap extends only slightly past the base, resulting in a smaller overall footprint and allowing you to fit more equipment in the same space

Try a pair for 30 days! Call 1-800-711-FIRE for more information

MODEL	DESCRIPTION
SG-VM-1	SURE-GRIP Tool Mount - 3/4" to 1-3/4" Grip Range
